HERNANDO WON THE STAKE.

Rest Gaberis and Judge Redwine at Cincinnati, O., May 13.-Latonia opened its gates for the spring season of 1901 under most favorable auspices. The track was fast and the weather, although slightly

fast and the weather, although slightly chilly, was bright and clear. The attendance was far beyond expectations and looked somewhat like the old days at the famous track, there being about 6,900 spectators.

The Derby was the feature of the programme, but was a very tame affair. There was nothing of stake quality in it, as the weights show. Herminao from Lacdeman's stable won in a gallop and enriched his owner to the extent of \$5,040. Gaheris was second, ten lengths ahead of Judge Redwine, who nosed out Grandon for the third money. June Gayle finished last, a forlong behind. Five starters went to the post for the Derby. Hermando and Grandon opened up favorties at 3 to 2, both being heavily puayed at this price. June Gayle, Judge Redwine and Ganeris were also well played at long adds.

The field was sent away to a good start.

field was sent away to a good start, with Juoge Redwine in the lead and the rest well up. Judge Redwine held the lead for a quarter of a mile, when June Gayle went to the front. The field was ronning went to the front. The field was ronning as if the journey was only a helf mile. As they turned into the back stretch June Gayle hung out the distress signal and dernando took command. From there on it was his race and only a question of how far he would win. Gaheris, who finished second, is about as uncouth a looking animal as ever sported silk. He is all legs, but still managed to beat Judge Resiwing ten lengths. Grandon made a had showing. Pentecost, from "Brown Dicks" stable, made an excellent showing in the race for Lyear-olds, and is an individual of high quality. Mamie English, winner of the third event, was a despised Newport product and went begging in the books at 50 to 1. She won with ease.

An Old Friend

t, and is now known in every city, town and hamlet in the country. Its wonderful curative powers in their own families or among their friends and acquaintances. Grateful patients in all parts of the country tell of their restoration acquaintances. Grateful patients in all parts of the country tell of their restoration to health and happiness, and the testimony of these is the highest evidence of the medicine's worth. S. S. S. is more popular today than ever in its history—no other remedy stands so high, has ever given such perfect satisfaction or is so reliable in the cure of Cancer, Rheumatism, Catarrh, Contagious Blood Poison, Scrofula, Eczema, Psoriasis, Salt Rheum, Acne, or any disease that originates in the blood. Being strict'y a vegetable preparation, you will find it agrees with you much better than a drug store concoction or any of the widely advertised potash and mercury remedies, which affect the bones, muscles and stomach, causing Rheumatism or Dyspepsia. If you have never tried S. S. S., you will be surprised at the immediate good effects, Take S. S. for no sooner does it get into the circulation than the appetite increases; you grow stronger, and gradually

but surely it drives out the poisons and restores the blood to a healthy condition. If there is a sore or ulcer on the body, it begins to heal around the edges, the discharge finally ceases and the place gets well; muscular and bone pains vanish, and the skin is relieved of all itching, irritating eruptions. Nervous, run down and ansemic people will find S. S. S. just the medicine they need, for blood poverty and illy nourished nerves are responsible for their condition. For old people and children S. S. has no equal; being free from all minerals, it does not nauseate or have any injurious effect whatever, and keeps the blood in good condition, thus fortifying against disease. Experience teaches what is good and what is not good; this applies particularly to medicine, and S. S. S., a remedy that has retained the confidence of the people for nearly 50 years, must have merit—it cures, is the secret of its success. When you call for S. S. S.

SILVERDALE WON FROM MISS MAE DAY.

Inaugural Victor Galloped a Fast Six Furlongs at Fair Grounds Track Yesterday Afternoon.

BOWEN BEAT- PETIT MAITRE.

Turney Bros.' Good 3-Year-Old Was Not Straight at the Finish -Wainamoinen Landed Second Race in Good Form.

Silverdale, the winner of Saturday's Inaugural Stake, won the fifth race at the Fair Grounds yesterday in a gallop. He gave Miss Mae Day, a very fast mare and at present in very good condition, seven pounds by the scale and beat her very easily. The time for the six furlongs was 1:14 flat, the best time of the meeting. There was nothing to the race but the Schorr horse. So far, young J. Miller has not shown ability to ride anything but Silverdale. He certainly has ridden the crack well in the two races he has won. Not that yesterday's race needed much riding, but Silverdale was well handled at that. He was placed well, saved well, and sent along at the right time. Silverdale ran like a great sprinter just as he ran like a great Derby horse Saturday. He seems all right

at any distance.

Miss Mae Day did not show at her best. Shaw got her off badly and rode her badly in every jump. The mare is in good form just now and should have given Silverdale reason to go under 1:14. She would have done so had she been given a chance. As it was, she was lucky to get the place, for which she was backed heavily. That excellent 3-year-old, Bowen, won from Petit Maitre, Farmer Bennet and Van

Hoorebeke in rather easy fashlon after taking a sharp drive up the stretch. The Turney colt did not have to show himself to get first money, either. Miss Theresa and Van Hoorebeke set the pace for the first six furiongs. Theresa stopped for want of condition, but Van Hoorebeke came again in surprising style. Petit Maitre made a determined fight around the stretch turn but could not land. Van Hoorebeke see

again in surprising style. Petit Maitre made a determined fight around the stretch turn but could not land. Van Hoorebeke seemed beaten at the six furiongs, but gamed it out in a way that took away the breath of those who had him figured a dog. He went under the wire taking as hard a drive in as game a manner as ever any colt did. Bowen was too good, however. He certainly seems to be a fine 3-year-old, though a bit lazy and sluggish. Farmer Benfett's race here was a very bad one. He can do much better.

Walmamoinen took the second race, a four and one-half furlong sprint, in a style that betokened a stake filly. On their races in the mud last week Miss Dora seemed good to beat Walmamoinen yesterday. The latter filly evidently does not relish mud. Though Miss Dora beat her in that going last week, she beat Miss Dora back in handy fashion yesterday, both running strictly on their merits. For some remarkable reason, doubtless because he is a stable companion of Silverdale, H. L. Coleman was made favorite in this race, though he is a very slow breaker and a bad beginner. He ran where he belonged, fifth. Walmamoinen showed herself a very handsome and fast filly. She has some good races to her credit in the South. Her only effort here was made in the mud and though she showed speed she did not last. She will bear watching among the fillies of her age. Bruiare ran a good race in the first event and rewarded her backers at very nice odds. Satin Coat's race here was very bad. The last two races run by this coit were surprisingly low in form and not at all like him. He must be going off for one cause or another.

Tenney Belle had all the speed of her party in the third race. She had to have it to win, for she was off back of a thick field and was not ridden by Sioan. But she ran all over the others at the end.

Turf Gossip.

It was rumored yesterday that the proposed opening of Kinioch Park race track, which was set for May E, had been postponed indefinitely. President J. D. Lucas said that as far as he knew there were not any grounds for the circulation of the report. Mr. Lucas said that no such decision had been arrived at. Thus it must be taken that Kinjoch will run on the dates allotted to it by the Western Jockey Club.

Billy Magrane has sent his California stable to St. Louis and will operate here all season. Tom Hayee will also bring a lot of good ones in this week. Including His Eminence and Lody Strathmore. With these two, Silverdale, Bowen, Ampere, Alard Scheck, Blink, Dandy Jim, Miss Aubtey, Maximus, Wall, Tuskaro, Orleans, Tom-my Tucker and others, the crop of Derby coits at St. Louis will be rich indeed.

Last year Tom Collins was usually an even-money shot in six-furlong sprints at the Fair Grounds. Yesterday he was 160 to 1 in the race that Silverdale won. This about shows how far the class of horses at the Fair Grounds this sea-son overlies that of last year.

The McEdowbrook Hunters' Steeplechase, in which August Belmont offered a cup to the winner if ridden by a gentleman jockey, was the feature of the day's racing. Elx horses started, three of them being ridden by nonprofessional riders. Last Cord, the favorite, won after one of the best races through the field seen in many days. The starters in this event ran well bunched for two miles, with Higbie making the running. Nearing the end, Higbie, Bacchanal and Last Cord drew away. They took the last two jumps neck and neck, and in a good finish Last Cord won by a neck from Bacchanal, with Higbie three lengths back.

Watson Will Have His Boat Docked and Examined-Explanation of Yesterday's Defeat by Yachting Enthusiast.

London, May 13.-The Shamrock I beat the Shamrock II by five minutes over wenty-mile course.

The weather conditions all favorable for a fair trial, with the wind fresh and steady, the course clear of all obstructions and no tides of any consequence, the Shamrock I to-day beat Sir Thomas Lipton's new boat by five minutes and five seconds over a triangular course of about twenty miles.

The only possible disadvantage to the

challenger was in the fact that she used her old mainsail, which sits worse since its salt-water bath of Thursday. There was no discoverable holding back of the challenger, aithough once ger, aithough once or twice such a course as left the picion that the steersman was not taking

pointed such a course as left the suspicion that the steersman was not taking advantage of every chance.

There is no doubt the result of to-day's trial was distinctly disappointing to those who had pinned their faith to the new challenger, especially as the Shamrock I on the previous spins, had not showed even equality with the new racer on any point of sailing, with the exception of running.

Explanation of the Defeat.

Amateur on board the challenger, were inclined the despondent over the results of to-day's race. One who holds out against this feeling, however, argues that the conditions of the race were such that the Shamrock I did nothing surprising in winning. "As is proved in the case of the Valkyrie III," he said, those tremendous booms and gaffs carried by cup racers overburden them in any press of wind or sea. One day on the Clyde, in conditions very similar, the Britannia heat the Valkyrie III, although the latter afterward made the closest fight ever made for the cup.

"The alterations made in the Shamrock I since her return are such as would relieve her of the worst part of this burden. I consider that, had the new challenger's spars been changed in the same manner for to-day, she would have been anywhere in the neighborhood of the line when the challenger finished."

Mr. Watson considers to-day's results so unsatisfactory that he has decided off-hand to take the new boat back to Southampton and to have her docked in order to ascretain whether any of the plates were displaced by the grounding on Dean Bank last week.

Oppertunity will be taken to have her new saff and mainsail fitted The were well.

REPUBLIC SPECIAL.

Springfield, Ill., May 13.—Mrs. William Zane Partello lies in a precarious condition at the Commercial Hotel in this city, in a bad physical and mental state. Her condition is the result of a shock received this afternoon when it was announced that Governor Yates had veloed the bill passed by the recent Legislature appropriating \$40.00 to her husband.

It is said that recent actions on the part of the Partellos were instrumental in the death of the bill. Before the measure was passed Attorney Barr of Bloomington was given power of attorney to settle the claims of all Partello's creditors, but since the bill was sent to the Governor this power was revoked.
